

Lelong.my Web Services – API Integration

Date: 02/05/14 (Fri)

Please Take Note on This Matter

1. We do not allow seller link out or show your own domain name in Your Lelong.my Web Store either in product posting or banner.
2. All your Lelong.my transaction strictly required to transact in Lelong.my only.
3. Each category have transaction fee, it will charge to Merchant base on successful transaction.
4. For more information about Lelong.my Web Store term & condition, please visit this link:
www.lelong.my/webstore/tnc
5. Any violation to our Lelong.my Web Store terms & conditions will be result to your account suspension.
6. Your Web Store must integrate with Netpay Payment Service.

What Should You Do for the API Integration

Step 1: Complete the Lelong.my API Integration Request Form and email to store@lelong.com.my

Step 2: Refer to this JSON API link - <https://members.lelong.com.my/Auc/Member/Feed/doc.asp>

Step 3: Develop your own feed

Step 4: Submit your feed to this URL - <https://members.lelong.com.my/Auc/Member/Feed/doc-feed-form.asp> (using Post method and provide this following parameter User ID, Key and Product

Step 5: Please email your feed URL and UserID to store@lelong.com.my . Upon register the feed with Lelong, we will provide a Key to merchant as Application ID. Merchant can use this key as authentication token to control who can access to the Feed.

Example key format : Key=19d2c632-9e32-45a4-abd3-e8c29f0db17
